

**For Butter Richness
Without Butter Expense**

Use **CRISCO**
For Frying—For Shortening
For Cake Making

In some homes the butter problem grows greater day by day. In others, Crisco is used. With Crisco, women obtain the results given by the finest creamery butter, and at half the cost.

Crisco fulfills practically every cooking need where expensive butter formerly was necessary. It allows the more delicate flavors of the food itself to be tasted.

When Crisco has proven itself to you in a few ways, you will plan all manner of ways to use it.

MAYOR LANE WILL STAGE HAWAIIAN TABLEAU AT BALL

City Head Plans to Present
Scenes of Early Days in
Honor of New Year

As a special attraction for the big New Year ball which Mayor Lane is to give on the last night of the year, the mayor is now planning a Hawaiian pageant or tableau to be staged some time near midnight on the green alongside Bishop street.

"New Years was always a great day for the old Hawaiians," says the mayor, "and the thought occurred to me that it would be a fine plan to celebrate the coming of 1916 with something that will hark back to the old days. It should be pleasing to residents here as well as to tourists."

Mrs. Rosalie Blaisdell and Mrs. Manuel Reis, both of whom had an active part in planning the successful pageant given last year at the Punahou campus during the Carnival, have been asked to work out the plans.

"Makahiki hou"—the new year—it was called by the old Hawaiians," says the mayor. "In the old days the king would go out to sea in his double canoe before daybreak, coming back to shore just at sunrise of the new year."

As he set foot once again on the beach he was met with a shower of spears from four or five of his warriors, but would face the missiles, parrying them aside with his arms much to the delight and wonder of the populace.

"This was a sign that he was beginning the year with strength and skill," continues the mayor, "and was the opening of the general celebration which followed through the day, and often for a week afterwards."

Much of the quaintness of old Hawaii is gone forever, and the mayor is one who believes relics of it should be preserved. It is because of this feeling that he has decided to ask for a tableau of old-time Hawaiian life on New Year's Eve.

**THREE CLERKS WORKING
TO HANDLE LOCAL MAIL
AT OFFICE DROP BOXES**

"Three clerks handling the drop boxes and the cancelling machine working like the dickens all day," is the way the postoffice authorities described the rush of local business yesterday.

This was the heaviest day for local mail of the Christmas season, due to Honoluluans mailing Christmas greetings and presents to friends living in other parts of this city or on Oahu.

Today an even heavier rush was expected, as it will be the day before Christmas, and as usual the "last-minute fends" will be getting in their deadly work on the already overworked postoffice force.

**THIN FOLKS WHO
WOULD BE FAT**

Increase in Weight Ten Pounds or More.

A Physician's Advice.

"I'd certainly give most anything to be able to fat up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are when the powers of nutrition are normal. Instead of getting into the blood, all the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy normal amount of fat the nutritive processes must be artificially supplied with the power which nature has denied them. This can best be accomplished by eating a Sargol tablet with every meal. Sargol is a scientific combination of six of the best strength-giving, fat-producing elements known to the medical profession. Taken with meals, it mixes with the food and turns the sugars and starches into rich, ripe nourishment for the tissues and blood and its rapid effect is remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless.

Caution:—While Sargol has produced remarkable results in the treatment of nervous indigestion and general stomach disorders, it should not, owing to its remarkable flesh producing effect, be used by those who are not willing to increase their weight ten pounds or more.

**BYRNE PURCHASER OF
FIXTURES AT POPULAR**

Philip John Byrne, representing a number of stockholders in a company organized for amusement purposes, bid in the fixtures of the Popular theater yesterday in a bankruptcy sale. The price is not given, but it is reported that the sum was more than \$1000. The management will retain W. R. Hughes as manager and the theater will be conducted on the same lines as heretofore.

When the fixtures were first offered for sale Joseph Cohen of the Bijou theater offered \$1000. The von Hamm-Young Company raised this offer \$1, and then the new owners made a bid on the fixtures and at the same time signified their intention of continuing the policies of the theater.

AD CLUB GOING TO HELP BOOST AUTO CAMPAIGN

January 5 has been selected as Y. M. C. A. Day at the Ad Club. On this date prominent men of the city will tell the members of the booster club what the Y. M. C. A. has done for the people of Honolulu, and many talks will be made on the benefits to be derived from being a member of the association. The committee, of which Paul Super is chairman, announces that there will be a number of stunts on Y. M. C. A. Day.

This is the date of the Y. M. C. A. auto campaign, and the first gun will be fired at the Ad Club. Later the Y. M. C. A. Auto Club representatives will begin their lightning campaign for 100 members in 100 minutes. Members of the auto committees are working now securing campaign workers for the big day on January 5.

George S. Wells will be the chairman of the Reo team which is the latest to enter the campaign. S. S. Paxson will be the leader of the Studebaker team, E. E. Bodge the Cadillac, George F. Denison the Buick, Alan J. Lowrey the Overland, and Harold G. Dillingham the Ford team. The contest will begin at 2 o'clock and end at 3:40 that afternoon.

ALASKAN MINING MAN ARRIVES WITH POCKETS FILLED WITH NUGGETS

B. Bernard, president and general manager of the American Dredge and Construction Company of Seattle, arrived in Honolulu yesterday on the Great Northern. Mr. Bernard's first statement as he looked over the city in the morning was, "Honolulu is surely a paradise."

Mr. Bernard has spent much time in Alaska, where he is connected with the management of the American Gold Dredging Company of York. This morning Mr. Bernard reached down in his pockets and brought out a number of samples of Alaskan nuggets. According to Mr. Bernard Alaska is becoming a center of interest to the mining magnates.

Mr. Bernard stated that at the present time the company is dredging for tin with gold as a by-product. In the section north of Nome there is a large quantity of tin, and many of the dredging companies have neglected the yellow metal for the white. The Seattle man intends to remain in Honolulu for at least one month.

SUNDAY SERVICES

(Continued from page 18)

at 1340 Liliha street (Korean corps): 312 Vineyard street (Spanish corps): 1:30 p. m., at Schoel street, near Liliha street, corner room (English corps). A cordial invitation to any or all these meetings is extended by ADJT. TIMMERMAN.
